

INGREDIENTS

INGREDIENTS: We use traditional printe spices, the recipe for which still remains a »carefully kept secret« in our family-run business and has been passed on from generation to generation.

ALLERGEN INFORMATION: With the exception of whole milk and white chocolate, our products are lactose-free, and no fat of any description is added to the dough.

They will only contain nuts where this is specified on the label.

Legal experts recommend, however, that reference be made to the fact that there may be traces of nuts or almonds.

For precise details on the composition of the ingredients, please read the relevant information on the product packaging.
